

LIFE DIRECTIONS

CREATING YOUR LIFE'S PURPOSE IN AND BEYOND WORK

*Until one is committed
there is hesitancy, the chance to draw back,
always ineffectiveness...
The moment one definitely commits oneself
Providence moves too.
Whatever you can do or dream you can, begin it now.*

This workshop gives you an opportunity to look at the whole of your life, take stock of where you are now and create a vision of where you want to go. You will distill your values, learnings and longings and discover what you really want and need in the context of where our community and world is going and possibly calling you. You will align the many areas of your life, such as relationships, money, career and personal growth. You will explore the power and direction of your Life Purpose. You will discern how you can best use all your gifts, skills and experiences and find support from other people and resources to bring about what you truly want for your future.

Sharing with people who are also searching for something more and deeper in their daily lives and often asking similar questions to you, gives you a chance to look at your own life from many perspectives. You will experience fun and relevance as you build your own practical action plan. You will expand your rational and imaginative abilities and sense yourself empowered to forge ahead. You will create a scenario to put wheels under your hopes and give wings to your dreams.

FACILITATORS: Richard and Maria Maguire

We are consultants in personal and organisational development. Both of us have Masters degrees and twenty-five years' experience working with groups and enabling people to develop their potential. We have lived and worked in several countries and are concerned about the well-being of people and the planet. We integrate experience, personal practice and professional training in education, management, science, computers, the arts, religion, health and social service

*Bring something to share for lunch and an evening meal following the course.
Morning and afternoon tea as well as workbooks etc. are provided.*
